## ST. VRAIN VALLEY NURSERY

Established 1902

D. W. SPANGLER, Proprietor

11th Ave. and Collyer St., Longmont, Colorado

Phone 102-J

### ...Foreword...

We endeavor to list in this circular such plants only as are adapted to our climate. A large percent of them are grown upon our own grounds. We invite you to compare our prices and grades of stock with others.

Should you fall in line with the planting movement that is gripping America, we hope you will find listed on these pages such plants as will meet your needs.

Let us help you beautify your grounds, first, by telling how and when to plant, and second, by supplying you with fine, hardy, healthy nursery stock that will grow.

You are invited to visit our nursery at any time, especially during the summer, as we have plants in bloom from early spring until frost.

### SHADE AND ORNAMENTAL TREES

#### AILANTHUS—Tree of Heaven
